# CETSEAL
# LEED™ PRODUCT INFORMATION

CETSEAL is a single, component moisture curing polyether sealant/adhesive used with CoreFlex waterproofing membrane. CETSEAL contains no Volatile Organic Compounds (VOCs).

## MANUFACTURING LOCATION

CETCO certifies that CETSEAL is manufactured in Grand Rapids, MI. If your project falls within a 500-mile radius of this location, the product is considered to be a locally produced material and can help contribute to earning Materials & Resources - Credit 5.1.

## RECYCLED CONTENT

CETCO certifies that CETSEAL is manufactured with no pre-consumer or post-consumer material recycled content by weight.

## VOC CONTENT

CETCO certifies that CETSEAL contains 19 g/L Volatile Organic Compounds (VOCs). EQ Credit 4.1and EQ Credit 4.2 pertain to materials that are to be used in the interior of the building. CETCO waterproofing products are applied onto the exterior of the structure and therefore are not subject to the intent of EQ Credit 4.1 and EQ Credit 4.2. However, CETCO has provided the volatile organic content (VOC) of CETSEAL herein.

## CONSTRUCTION WASTE MANAGEMENT

In areas where facilities exist, the following CETSEAL materials are recyclable and can contribute to earning MR Credit 2.1 and MR Credit 2.2:

| | | |
|---|---|---|
| Wood Pallet | wood | 55-lbs |
| Box | cardbaord | 1/2-lb / box |

CETCO is committed to the use of recycled content in the manufacturing of CETCO waterproofing products and supports the United States Green Building Council (USGBC) by participating as an USGBC Industry Member.

Sincerely,

Stacy Byrd, LEED AP
National Products Manager
