

## DOLOCRON® SERIES (Canaan, CT) pulverized dolomitic limestone

DOLOCRON® pulverized dolomitic limestone products are produced at our plant in Canaan, CT. These products are manufactured from selected high brightness, high purity natural dolomite (calcium-magnesium carbonate). The DOLOCRON® product line is coded to permit easy identification of important product characteristics. The first two digits in the DOLOCRON® code number indicate the approximate top micron size and the last two digits the approximate oil absorption.

*This product line has been developed to satisfy the needs of many industries and end uses including:*

- Building Products • Cultured Marble • Putties • Caulking Compounds • Floor Tile • Rubber
- Cement • Plastics • Ceramics • Coatings
