

VIROC[®] GRANULES (Lucerne Valley, CA)

decorative limestone

Specialty Minerals decorative limestone products are manufactured at our Lucerne Valley, CA facility from a deposit of bright, high quality calcite. Three grades are available.

Typical applications for VIROC[®] limestone are: roofing granules, concrete block manufacture and garden stone. The white color of the Specialty Minerals VIROC[®] limestone granules makes them ideal for such applications. VIROC[®] limestone granules are only available in bulk shipments.
