| E-mail   | safetydata@mineralstech.co                                  | om                            |
| Emergency phone number   | Emergency   | 1.866.519.4752/1 760 476 3962 |
| Americas   | 1.866.519.4752 (US, Canac                                   | la, Mexico) 1 760 476 3962    |

## 2. Hazard(s) identification

| Physical hazards      | Not classified.                   |             |
|-----------------------|-----------------------------------|-------------|
| Health hazards        | Serious eye damage/eye irritation | Category 2A |
| Environmental hazards | Not classified.                   |             |
| OSHA defined hazards  | Not classified.                   |             |
| Label elements        |                                   |             |

|  | ▼   |
|--|---|
| Signal word                                  | Warning   |
| Hazard statement                             | Causes serious eye irritation.  |
| Precautionary statement                      |   |
| Prevention                                   | Wash thoroughly after handling. Wear eye protection/face protection.  |
| Response                                     | If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.  |
| Storage                                      | Store in accordance with local/regional/national regulations. Store away from incompatible materials.   |
| Disposal                                     | Dispose of waste and residues in accordance with local authority requirements.  |
| Hazard(s) not otherwise<br>classified (HNOC) | None known.   |
| Supplemental information                     | 45% of the mixture consists of component(s) of unknown acute oral toxicity. 45% of the mixture consists of component(s) of unknown acute dermal toxicity. 45% of the mixture consists of component(s) of unknown acute hazards to the aquatic environment. 45% of the mixture consists of component(s) of unknown long-term hazards to the aquatic environment. |

## 3. Composition/information on ingredients

#### Mixtures

| Chemical name                    | Common name and synonyms | CAS number | %         |
|----------------------------------|--------------------------|------------|-----------|
| 2,2'-DIMORPHOLINODIETH'<br>ETHER | YL                       | 6425-39-4  | 30 - < 60 |
| Other components below rep       | oortable levels          |            | 50 - < 60 |

### 4. First-aid measures

| Inhalation   | Move to fresh air. Call a physician if symptoms develop or persist.  |
|--|--|
| Skin contact   | Wash off with soap and water. Get medical attention if irritation develops and persists.   |
| Eye contact  | Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. |
| Ingestion  | Rinse mouth. Get medical attention if symptoms occur.  |
| Most important<br>symptoms/effects, acute and<br>delayed                     | Severe eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision.  |
| Indication of immediate<br>medical attention and special<br>treatment needed | Provide general supportive measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed.   |
| General information  | Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.   |
|  |  |

## 5. Fire-fighting measures

| Suitable extinguishing media<br>Unsuitable extinguishing<br>media | Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2).<br>Do not use water jet as an extinguisher, as this will spread the fire. |
|---|---|
| Specific hazards arising from the chemical                        | During fire, gases hazardous to health may be formed.   |
| Special protective equipment and precautions for firefighters     | Self-contained breathing apparatus and full protective clothing must be worn in case of fire.   |
| Fire fighting<br>equipment/instructions                           | Move containers from fire area if you can do so without risk.   |
| Specific methods  | Use standard firefighting procedures and consider the hazards of other involved materials.  |
| General fire hazards  | No unusual fire or explosion hazards noted.   |

### 6. Accidental release measures

| Personal precautions,<br>protective equipment and<br>emergency procedures | Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Wear appropriate protective equipment and clothing during clean-up. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS. |  |
|---|--|--|
| Methods and materials for<br>containment and cleaning up                  | Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.  |  |
|   | Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.   |  |
| Environmental precautions   | Never return spills to original containers for re-use. For waste disposal, see section 13 of the SDS. Avoid discharge into drains, water courses or onto the ground.   |  |
| 7. Handling and storage   |  |  |
| Precautions for safe handling   | Avoid contact with eyes. Provide adequate ventilation. Wear appropriate personal protective equipment. Observe good industrial hygiene practices.  |  |
| Conditions for safe storage, including any incompatibilities              | Store in tightly closed container. Store away from incompatible materials (see Section 10 of the SDS).   |  |
| 8. Exposure controls/personal protection                                  |  |  |
|   | This with two here we income that the theory $D\Gamma(-T)/t$ and the we considered every limit   |  |

| Occupational exposure limits     | This mixture has no ingredients that have PEL, TLV, or other recommended exposure limit.   |
|----------------------------------|--|
| Biological limit values          | No biological exposure limits noted for the ingredient(s).   |
| Appropriate engineering controls | Good general ventilation should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. Provide eyewash station. |

### Individual protection measures, such as personal protective equipment

**Eye/face protection** Wear safety glasses with side shields (or goggles).

| Skin protection<br>Hand protection | Wear appropriate chemical resistant gloves.   |
|------------------------------------|---|
| Other                              | Wear suitable protective clothing.  |
| <b>Respiratory protection</b>      | In case of insufficient ventilation, wear suitable respiratory equipment.   |
| Thermal hazards                    | Wear appropriate thermal protective clothing, when necessary.   |
| General hygiene<br>considerations  | Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants. |

## 9. Physical and chemical properties

|   | •  |
|---|--|
| Appearance  |  |
| Physical state  | Liquid.  |
| Form  | Liquid.  |
| Color   | Clear. Light yellow.   |
| Odor  | Slightly. Amine-like.  |
| Odor threshold  | Not available.   |
| рН  | Not available.   |
| Melting point/freezing point  | Not available.   |
| Initial boiling point and boiling range   | Not available.   |
| Flash point   | 200.0 °F (93.3 °C) Pensky-Martens Closed Cup                     |
| Evaporation rate  | Not available.   |
| Flammability (solid, gas)   | Not applicable.  |
| Upper/lower flammability or exp   | losive limits  |
| Flammability limit - lower<br>(%)   | Not available.   |
| Flammability limit - upper<br>(%)   | Not available.   |
| Explosive limit - lower (%)   | Not available.   |
| Explosive limit - upper (%)   | Not available.   |
| Vapor pressure  | 0.0001 hPa estimated   |
| Vapor density   | Not available.   |
| Relative density  | 1.014 - 1.02   |
| Solubility(ies)   |  |
| Solubility (water)  | Not available.   |
| Partition coefficient<br>(n-octanol/water)  | Not available.   |
| Auto-ignition temperature   | Not available.   |
| Decomposition temperature   | Not available.   |
| Viscosity   | 32 - 51 mPa·s @ 77°F   |
| Other information   |  |
| Explosive properties  | Not explosive.   |
| Flammability class  | Combustible IIIB estimated                                       |
| Oxidizing properties  | Not oxidizing.   |
| 10. Stability and reactivity  |  |
| Description of the second s | The sum does in stable and see we satisfy a surday second second |

| Reactivity                            | The product is stable and non-reactive under normal conditions of use, storage and transport. |
|---------------------------------------|---|
| Chemical stability                    | Material is stable under normal conditions.   |
| Possibility of hazardous<br>reactions | No dangerous reaction known under conditions of normal use.                                   |
| Conditions to avoid                   | Contact with incompatible materials.  |
| Incompatible materials                | Strong oxidizing agents.  |

## 11. Toxicological information

| The revice of the second |  |  |
|---|--|--|
| Information on likely routes of ex  | rposure  |  |
| Inhalation  | Knowledge about health hazard is incomplete.   |  |
| Skin contact  | Knowledge about health hazard is incomplete.   |  |
| Eye contact   | Causes serious eye irritation.   |  |
| Ingestion   | Knowledge about health hazard is incomplete.   |  |
| Symptoms related to the physical, chemical and toxicological characteristics  | Severe eye irritation. Symptoms may include stinging, tearing, redness, swelling, and blurred vision.  |  |
| Information on toxicological effe   | cts  |  |
| Acute toxicity  | Not known.   |  |
| Skin corrosion/irritation   | Due to partial or complete lack of data the classification is not possible.  |  |
| Serious eye damage/eye<br>irritation  | Causes serious eye irritation.   |  |
| Respiratory or skin sensitization   |  |  |
| Respiratory sensitization   | Due to partial or complete lack of data the classification is not possible.  |  |
| Skin sensitization  | Due to partial or complete lack of data the classification is not possible.  |  |
| Germ cell mutagenicity  | Due to partial or complete lack of data the classification is not possible.  |  |
| Carcinogenicity   | Due to partial or complete lack of data the classification is not possible.  |  |
| IARC Monographs. Overall E<br>Not listed.   |  |  |
| Not listed.   | I Substances (29 CFR 1910.1001-1053)<br>gram (NTP) Report on Carcinogens   |  |
| Not listed.   |  |  |
| Reproductive toxicity   | Due to partial or complete lack of data the classification is not possible.  |  |
| Specific target organ toxicity - single exposure  | Due to partial or complete lack of data the classification is not possible.  |  |
| Specific target organ toxicity -<br>repeated exposure   | Due to partial or complete lack of data the classification is not possible.  |  |
| Aspiration hazard   | Due to partial or complete lack of data the classification is not possible.  |  |
| 12. Ecological information  |  |  |
| Ecotoxicity   | The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.               |  |
| Persistence and degradability   | No data is available on the degradability of any ingredients in the mixture.   |  |
| Bioaccumulative potential   | No data available.   |  |
| Mobility in soil  | No data available.   |  |
| Other adverse effects   | No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.                          |  |
| 13. Disposal considerations   |  |  |
| Disposal instructions   | Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Dispose of contents/container in accordance with local/regional/national/international regulations.                         |  |
| Local disposal regulations  | Dispose in accordance with all applicable regulations.   |  |
| Hazardous waste code  | The waste code should be assigned in discussion between the user, the producer and the waste disposal company.   |  |
| Waste from residues / unused<br>products  | Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions). |  |
|   |  |  |

Since emptied containers may retain product residue, follow label warnings even after container is

emptied. Empty containers should be taken to an approved waste handling site for recycling or

Contaminated packaging

disposal.

### 14. Transport information

### DOT

Not regulated as dangerous goods.

#### ΙΑΤΑ

Not regulated as dangerous goods.

#### IMDG

Not regulated as dangerous goods.

Transport in bulk according to Not established. Annex II of MARPOL 73/78 and the IBC Code

## 15. Regulatory information

US federal regulations This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

## Toxic Substances Control Act (TSCA)

TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)

Not regulated.

### CERCLA Hazardous Substance List (40 CFR 302.4)

Not listed.

### SARA 304 Emergency release notification

Not regulated.

OSHA Specifically Regulated Substances (29 CFR 1910.1001-1053)

Not listed.

### Superfund Amendments and Reauthorization Act of 1986 (SARA)

SARA 302 Extremely hazardous substance

Not listed.

SARA 311/312 Hazardous Yes

chemical

Classified hazard Serious eye damage or eye irritation

## categories

SARA 313 (TRI reporting) Not regulated.

### Other federal regulations

### Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) List

Not regulated.

### Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)

Not regulated.

Safe Drinking Water Act Not regulated.

## US state regulations

(SDWA)

### California Proposition 65

California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): This material is not known to contain any chemicals currently listed as carcinogens or reproductive toxins. For more information go to www.P65Warnings.ca.gov.

### International Inventories

| Country(s) or region | Inventory name  | On inventory (yes/no)* |
|----------------------|---|------------------------|
| Australia            | Australian Inventory of Chemical Substances (AICS)                        | No                     |
| Canada               | Domestic Substances List (DSL)  | No                     |
| Canada               | Non-Domestic Substances List (NDSL)                                       | No                     |
| China                | Inventory of Existing Chemical Substances in China (IECSC)                | No                     |
| Europe               | European Inventory of Existing Commercial Chemical<br>Substances (EINECS) | No                     |
| Europe               | European List of Notified Chemical Substances (ELINCS)                    | No                     |
| Japan                | Inventory of Existing and New Chemical Substances (ENCS)                  | No                     |

| Country(s) or region        | Inventory name  | On inventory (yes/no)* |
|-----------------------------|---|------------------------|
| Korea                       | Existing Chemicals List (ECL)                                     | No                     |
| New Zealand                 | New Zealand Inventory   | No                     |
| Philippines                 | Philippine Inventory of Chemicals and Chemical Substances (PICCS) | No                     |
| Taiwan                      | Taiwan Chemical Substance Inventory (TCSI)                        | No                     |
| United States & Puerto Rico | Toxic Substances Control Act (TSCA) Inventory                     | No                     |

\*A "Yes" indicates that all components of this product comply with the inventory requirements administered by the governing country(s) A "No" indicates that one or more components of the product are not listed or exempt from listing on the inventory administered by the governing country(s).
