MTI Academy New User Registration

Hello,

Ready to get started? Please click or scan the QR link which will take you directly to the login page for MTI Academy. You can also login by visiting our website here. Once at the login page it is recommended to follow the guide below to sign-up.

STEP 1:

As a new user click register found on the bottom right side of the login page.

STEP 2:

After clicking register, you will be prompted to fill in the information seen here.
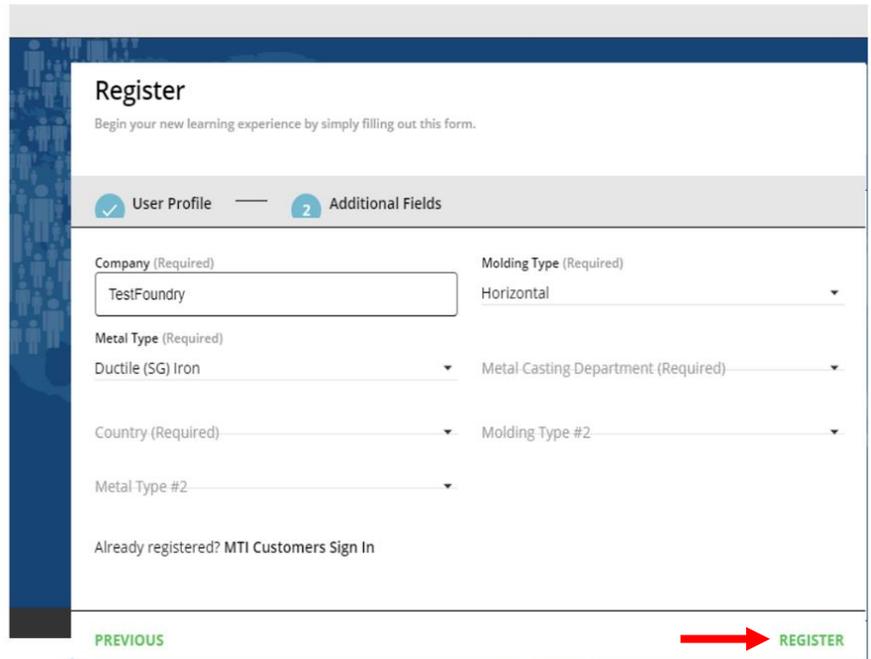

Under "Branch Code" please type "ACC" as seen here, this will add your registration to the ACC metalcasting course curriculum. Not doing so will result in your account not registering.

STEP 3:

After filling in the necessary fields including the branch code of ACC, click "Next"

STEP 4:

After completing the first requirements for registration you will be taken to the second and final user profile section for completion. Here you will be required to add your company name, molding/metal type, country, and department type (select the best match from the list). Under mold/metal type we require at least one selection of each. We recommend selecting what best represents your facility, if you have a strong second you can list it under the molding/metal type #2 sections.

STEP 5:

After filling in the required fields click "register" at the bottom of the page.

After Registering:

After registering your request will be sent to our IT group for approval, once added you should receive an automated notification like the below. You can disregard this message.

After the automated message you will receive an alert from MTI Academy of your approval and that login is available.

If you haven't already, we recommend reviewing the TECHTalk: Welcome to MTI Academy. This course will give you a brief rundown of this new platform's capability and offerings. A direct link for this can be found here, registration required.

If you have any issues with registering or have questions, please email your sales representative. We trust that you will continue to find value in our content and are as excited as we are for the future.
