AQUADRAIN 20H drainage composite consists solely of a polypropylene core and polypropylene geotextile filter fabric and contains no Volatile Organic Compounds (VOCs). AQUADRAIN has been successfully used to provide positive drainage on thousands of projects worldwide.

MANUFACTURING LOCATION
CETCO certifies that AQUADRAIN 20H drainage composite is manufactured in Atlanta, GA. If your project falls within a 500-mile radius of this location, the product is considered to be a locally produced material and can help contribute to earning Materials & Resources - Credit 5.0.

RECYCLED CONTENT
CETCO certifies that AQUADRAIN 20H drainage composite is manufactured with a minimum 60% pre-consumer material recycled polypropylene content from recovery of materials in the raw materials manufacturing process. The 60% pre-consumer polypropylene content results in 50% pre-consumer recycled content by weight. As 50% of the product, by weight, is recycled content, AQUADRAIN 20H can help to contribute to earning Materials & Resources - Credit 5.1.

VOC CONTENT
CETCO certifies that AQUADRAIN 20H contains 0 g/L Volatile Organic Compounds (VOCs). EQ Credit 4.1 and EQ Credit 4.2 pertain to materials that are to be used in the interior of the building. CETCO waterproofing products are applied onto the exterior of the structure and therefore are not subject to the intent of EQ Credit 4.1 and EQ Credit 4.2. However, CETCO has provided the volatile organic content (VOC) of AQUADRAIN 20H herein.

CONSTRUCTION WASTE MANAGEMENT
In areas where facilities exist, the following AQUADRAIN 20H materials are recyclable and can contribute to earning MR Credit 2.1 and MR Credit 2.2:

<table>
<thead>
<tr>
<th>Material</th>
<th>Type</th>
<th>Weight</th>
</tr>
</thead>
<tbody>
<tr>
<td>Wood Pallet</td>
<td>wood</td>
<td>55-lbs</td>
</tr>
<tr>
<td>Plastic Bag</td>
<td>plastic</td>
<td>1/2-lbs/roll</td>
</tr>
</tbody>
</table>

CETCO is committed to the use of recycled content in the manufacturing of CETCO waterproofing products and supports the United States Green Building Council (USGBC) by participating as an USGBC Industry Member.
