CXJ 200/400

LEED PRODUCT INFORMATION

CXJ 200/400 is an extruded thermoplastic expansion joint product consisting of a dual-cell center gland with two integrated flashing flanges on both sides of the center gland.

MANUFACTURING LOCATION

CETCO certifies that CXJ 200/400 is manufactured in Westborough, MA. If your project falls within a 500-mile radius of this location, the product is considered to be a locally produced material and can help contribute to earning Materials & Resources - Credit 5.1.

RECYCLED CONTENT

CXJ 200/400 is manufactured with no pre-consumer or post-consumer material recycled content by weight.

Low Emitting Materials (Adhesives and Sealants) IEQ Credit 4

*Valid only when product is applied indoors
