WATERSTOP-XP

LEED™ PRODUCT INFORMATION

WATERSTOP-XP, a synthetic hydrophilic polymer based strip waterstop that provides a positive seal in concrete construction joints by expanding upon contact with water. WATERSTOP-XP provides reliable, cost-effective water infiltration protection in a wide range of environmental conditions such as low pH and high saline environments, and contains no Volatile Organic Compounds (VOCs). WATERSTOP-XP does not contain any polyvinylchloride (PVC).

MANUFACTURING LOCATION

CETCO certifies that WATERSTOP-XP is manufactured in Szczytno, Poland. If your project falls within a 500-mile radius of this location, the product is considered to be a locally produced material and can help contribute to earning Materials & Resources - Credit 5.1 and Credit 5.2.

RECYCLED CONTENT

CETCO certifies that WATERSTOP-XP is manufactured with no pre-consumer or post-consumer material recycled content.

VOC CONTENT

CETCO certifies that WATERSTOP-XP contains 0 g/L Volatile Organic Compounds (VOCs).
