To Whom It May Concern

**PRECIPITATED CALCIUM CARBONATE – GLUTEN FREE HEALTH STATEMENT**

I hereby certify that the uncoated Precipitated Calcium Carbonate products sold under the trade names Sturcal F, Sturcal L, Sturcal M, Calopake F, Calopake Extra Light, Calopake 5970, Calofort U, Multifex MM and DiCOM L100 produced by Specialty Minerals at their Lifford Lane, Kings Norton, Birmingham, England plant comply with the following:

- The above products are processed from naturally occurring mineral deposits by mechanical and chemical means. These products therefore, contain no food grain antigens. Precipitated Calcium Carbonate is frequently used as a supplement in Gluten free products.
- Specialty Minerals Lifford has been a single product site manufacturing only Precipitated Calcium Carbonate since 1999. Therefore, there is no risk of the above products becoming contaminated with food grain allergens.

Should you require further information on the status of our products then please do not hesitate to contact the undersigned on +44 121 252 4520 or email at [zoe.shackleton@mineralstech.com](mailto:zoe.shackleton@mineralstech.com)

Yours sincerely

Zoë Shackleton  
Quality Manager
