To Our Customers:

Re: PCC - California Proposition 65

Specialty Minerals Inc.'s Precipitated Calcium Carbonate (PCC) products are manufactured from naturally occurring limestone quarried from our site in Adams, Massachusetts, or other proprietary locations. These products contain small but detectable impurity amounts of Lead (< 3 ppm), which is a listed substance in the California Safety Drinking Water and Toxic Enforcement Act.

If you have any additional questions, please feel free to contact me at (413) 662-9968.

Sincerely,

Parvin Golbayani
