MARBLEMIX® (Lucerne Valley, CA)

Natural and Ultra Grades

Product Description

MARBLEMIX® screened limestone is specifically designed for the needs of the pool and spa plastering industry and is manufactured in Lucerne Valley, CA facility from a deposit of white high quality calcite. MARBLEMIX® Natural and Ultra screened limestone have excellent chemical purity, controlled color and particle sizing which makes them ideally suited for the plastering of pools and spas.

MARBLEMIX® Natural screened limestone is an economical choice as the limestone is packaged in its typical state.

MARBLEMIX® Ultra screened limestone is manufactured to minimize black specs and is ideal for those applications that require bright consistent appearance.
